GOVERNOR JOHN A. JOHNSON.

BETTER THAN EVEN CHANCE

**Governor Johnson Has Passed First Shock
Crises Successfully and Best
is Hoped For**

**Pulse is Full, Round and Strong and His
General Condition is
Very Hopeful**

Special to The Dispatch—
Rochester, Minn., Sept. 17—Supplementary to the morning bulletin Dr. McNevin, the house physician said: "Governor Johnson has passed the first shock crisis successfully and the only great danger now is from a relapse or possible complications arising from contracting cold. The governor had five and one-half hours sleep last night in short periods and between these periods he suffered considerably with gas pains. This morning, however, he is much freer from gas conditions and his pulse is strong, full and round, which is a most favorable sign. His general condition is considered very hopeful and he has more than an even chance for recovery."

Special to The Dispatch—
Rochester, Minn., Sept. 17—At 10 a. m. Dr. McNevin reported that Governor Johnson had had a good night and general symptoms are favorable, although he suffered pain from gas in his stomach.

Rochester, Minn., Sept. 17.—Although the danger zone by no means has been passed in the uncertain course of Governor John A. Johnson since his operation Wednesday morning by the Doctors Mayo, it would seem that his chances for surviving have materially multiplied; and while the Doctors Mayo and Dr. McNevin are guarded in their estimates of his grip on recovery, the prevailing tone about the hospital is laden with more optimism than has been observable since the chief magistrate's ordeal on the operating table.

With sleep reinforcing his vitiated physical resources—a nap of over an hour early in the evening and a later consecutive period of slumber unbroken early this morning—the governor's immediate possibilities were greatly brightened. Somewhat better than an even chance is about the proportion that he has upon its side, according to the

physicians. To this may be added an instinctive, militant feeling entertained by Mrs. Johnson that her distinguished husband will safely pass through the gauntlet of menaces which have partially been distanced, but which still threaten.

Mrs. Johnson, upon leaving the hospital in the evening for the Sullivan home, where she spent the night, was visibly encouraged and said:

"I feel now that John is going to get well."

Dr. McNevin was willing to venture that his stricken ward has better than an even chance to recover.

The patient himself was more sanguine Thursday evening than heretofore, for he remarked with remarkable lucidity after enduring the distress incidental to the dressing of his wounds: "Well, doctor, I am better tonight and my chances are brighter."

The crisis will probably be reached some time today. There is still danger from recurrence of shock. The third peritonitis period has been passed and Dr. William Mayo said that peritonitis was not likely to set in. Any slight pleural condition would probably be fatal. Every precaution is being taken against the contraction of cold, but it cannot altogether be precluded. If he lives through the day it will be a great gain and will diminish chances considerably for fatality. Imminent danger will not have passed until five days after the operation.

RICHEST WOMAN IN THE WORLD

**Mrs. Harriman Made Such by
Her Husband's Will.**

ENTIRE ESTATE LEFT TO HER

Widow of the Late Railroad Magnate Will Inherit in Realty and Personal Property About One Hundred Million Dollars—Other Relatives of Deceased Probably Provided for in Gifts Out of Hand.

New York, Sept. 17.—A hundred brief words, weighted each with approximately \$1,000,000, and containing in their entirety the last testament of E. H. Harriman, makes his widow, Mary Harriman, one of the wealthiest women in the world. It is perhaps the briefest will on record for the disposal of an estate of such magnitude. All his property is left to Mrs. Harriman.

Wall street estimates that Mrs. Harriman will inherit in realty and personal property between \$75,000,000 and \$100,000,000. Mr. Harriman's private fortune is supposed to have been greater than this by many millions, but there is reason to believe that his unmarried daughters, Mary and Coral, his married daughter, Mrs. Robert Livingstone Gerry, and his two sons, William Averell and Roland, a boy of fourteen, together with his surviving sister, Mrs. Simons, and other relatives, have all been substantially provided for in gifts out of hand and trust funds set aside by Mr. Harriman during his lifetime.

The will is dated June 8, 1903, and is witnessed by Charles A. Peabody, president of the Mutual Life Insurance company, who drew it, and C. C. Tegethoff. Mr. Peabody was Mr. Harriman's close personal friend and was frequently a caller at Arden House during his last illness. He relinquished a law practice commonly estimated as worth \$100,000 a year to assume at a smaller salary the executive direction of a company in which Mr. Harriman was heavily interested. Mr. Tegethoff was Mr. Harriman's personal secretary. He had no estimate to make as to the probable size of the estate and he said he knew absolutely nothing about what provisions Mr. Harriman had made or had not made before his death for his relatives.

Mrs. Harriman was Miss Mary Averell, daughter of M. J. Averell, a wealthy banker of Rochester, N. Y., who made his money in the Rome, Watertown and Ogdensburg Railroad company. She brought her husband financial aid in his early struggles in the market, when aid was most valuable to him. He never needed it again, for his administrative ability soon won him the support of Kuhn, Loeb & Co., the National City bank and the powerful Standard Oil company clique.

If the estate measures up to expectations, Mrs. Harriman, according to common estimate here, is the wealthiest woman in the world. Mrs. Hetty Green's holdings have been estimated at \$40,000,000, those of Mrs. Frederick Courtland Penfield at \$80,000,000, and those of Mrs. Russell Sage at a like amount.

DISAGREES WITH SURGEON

**Dr. Vaughan Does Not Think Sutton
Committed Suicide.**

Washington, Sept. 17.—Disagreeing with Surgeon Raymond Spear, who declared that the appearance of the body of Lieutenant James N. Sutton of the marine corps, whose death at Annapolis two years ago has recently been the subject of investigation, indicated that suicide was possible, Dr. George Tulley Vaughan, who also attended the autopsy on the body, declares that there were no indications of a close discharge of the pistol which killed him.

Dr. Vaughan insists that the hole in the head of the dead man was clean cut and that powder marks and bruises were not shown, as would have been the case had the pistol been fired at close range. His examination of the body led Dr. Vaughan to believe that Sutton did not die by his own hand. His full report of the autopsy is in the hands of Henry E. Davis, counsel for Mrs. Sutton. Mr. Davis expects to make a statement regarding the report today.

"Is he a good watchdog?" "Best I ever owned, but you've got to learn to understand his signals. When there's any suspicious character prowling around he sticks his tail between his legs and puts up the mournfullest howl you ever heard."—Chicago Tribune.

"MICHAEL'S"

SCORE OF PEOPLE INJURED

**Shocked in Trying to Release Airship
From a Live Wire.**

Ottawa, Ont., Sept. 17.—A peculiar accident occurred at the Ottawa exhibition when Aviator Nassor of St. Louis attempted a flight with a dirigible airship. The propeller caught an electric light wire and checked the ascent. The crowd, seeing the trouble, rushed to catch the falling dirigible.

The propeller had stripped the insulation off the wire, and as fast as people touched the metal framework of the balloon they formed a current with the earth and were knocked down.

Twenty people were thus rendered helpless in less than a minute. Four of these were so badly shocked and burned that they had to be removed to the hospital. One of them, Edward Kaiting of Belleville, died on the way to the hospital.

Woman Killed by Auto.

Minneapolis, Sept. 17.—Mrs. D. R. Thompson, fifty-three years old, wife of a wealthy merchant of Rockford, Minn., was run over and fatally injured in North Minneapolis by an automobile driven by Fred H. Camp of St. Paul, manager of Wonderland. Mrs. Thompson died three and one-half hours later at Asbury hospital. Death was due to a fracture of the skull.

Falls to His Death.

Hudson, Wis., Sept. 17.—William B. Andrews, sixty-six years old, a manager of the Tri-State Telephone company, stepped from the Omaha train on the bridge at the depot here and was crushed to death on the rocks in the St. Croix lake below.

Regularly prepared manuscript sheets were circulated as newspapers in China, Rome and Venice long before the invention of printing.

RIZZO NOT THE MAN WANTED

**Fannie Infusino Says He Did Not
Commit Crime.**

Utica, N. Y., Sept. 17.—"He is not the man," was the discouraging declaration made by little Fannie Infusino to the authorities when Michele Rizzo, the man arrested as a suspect in Sunday night's double murder, was brought before her for identification. Scores of suspects have been brought before the child during the past three days without result.

"Lucky dog, that man Bosworth."

"Has he come into a fortune?" "No, he has secured a certificate from his doctor showing that he has organic heart trouble. When an insurance agent attacks him hereafter he will merely have to show his certificate."—Chicago Record-Herald.

WEATHER FORECAST

Generally fair tonight and Saturday, rising temperature.

A lemon-cucumber has been grown and placed before the people by a western agriculturist. We presume this means that the new cucumber is a pickle when it has attained its majority.

This has been a great year for clearing up mysteries. The man who struck Billy Ptersson has been located, it has been decided that Ann was 12,000 years old and the north pole has been discovered twice. What is there left to live for?

It seems to be the general opinion that Dan Patch, the famous race horse, instrumental in drawing tremendous crowds to the Minnesota state fair for several seasons, has run his last race. Dan has gone lame and his scheduled races at various state fairs have been called off. When the horse was led out before the thousands of visitors at the Minnesota fair on its opening day, he received as warm a reception as though he had smashed another record, while in reality it was an exhibition of a back number, as the trainers do not anticipate that the lameness can be cured.

Indians who still maintain their tribal relations need pay no attention to the Minnesota game laws on their reservations, according to an opinion handed down by the attorney general, but the Indians who hold allotments must obey the state law on and off their reservation the same as a white man. The average Indian imagines that the game laws were made to keep the white man from killing any game until they had got their fill, and if some of them who are now engaged in robbing the northern lakes of fish, killing rats and other animals out of season, under the guise of gathering wild rice for winter use, are rounded up and given a taste of the same medicine that a white man would get under similar circumstances, it might be a good lesson to them.

Cass county is going prohibition if the United States government can enforce the law, and it thinks it can. All saloon men at Walker, Cass Lake, Backus and the territory north of there in Cass county have been notified by Wm. E. Johnson, chief special spirits, wines or other liquor, in the Indian country, shall continue and be in force within the entire boundaries of the country herein ceded to the

officer of the Indian service, that they must close their saloons within 30 days from Sept. 17th. This closing by the government is in accordance with a treaty with the Chippewa Indians, Act of Congress Feb. 22, 1855, which reads: "The laws which have been or may be enacted by Congress, regulating trade and intercourse with the Indian Tribes, to continue and be in force within the several reservations provided for herein; and those portions of said laws which prohibit the introduction, manufacture, use of and traffic in ardent United States, until otherwise provided by Congress." The provisions of this treaty have never been revoked, and the reason assigned for its enforcement is "the open, continuous and defiant violation of both state and federal laws against selling liquor to Indians in this section."

Dr. J. A. Thabes, W. H. Cleary and Geo. Trent, of this city, and Dr. Rogers, of St. Paul, went to Platt lake on a chicken hunting trip. Chas. Hoffman took them out in his automobile.

White Bros. today completed the work they have been doing at the Northern Pacific hospital. They have altogether done about \$4,000 worth of work there in the last few months and the building is now in first class shape in every respect.

A look at our splendid new fall line of rugs will prove our statement that we exercised excellent judgment in selecting them. D. M. Clark & Co. 77-tf

John Vorge, one of the foremen in the paint shops at the Como car shops, was in the city today in company with J. C. Barber. Mr. Vorge, who was many years a resident of Brainerd, is spending some time at Twin Oaks with J. C. Barber.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

ON EVE OF THE CELEBRATION

Descendant of Robert Fulton Commits Suicide.

New York, Sept. 17.—Almost on the eve of the Hudson Fulton celebration, Charles K. Moore, a descendant of Robert Fulton, committed suicide at his home here by taking poison. Moore, who was a graduate of Columbia university and a civil engineer, had been in ill health for some time, and despondency over his condition is thought to have been the cause for his act.

A dandy new assortment of rich American Cut Glass, in the latest patterns and moulds, and at prices that will astonish you—at D. M. Clark & Co's. 77-tf

MARTYR OF PEARY'S TRIP.

Cornell Professor Only Man to Lose His Life on Journey.

Professor Ross Gilmore Marvin of Cornell, the only man to lose his life during the Peary expedition to the north pole, was the first assistant to Commander Peary and chief scientist of the expedition. He was drowned on April 10 forty-five miles north of Cape Columbia while in command of the supporting party.

Professor Marvin was a young man—less than thirty years old. He was born in Elmira, N. Y. When he was less than ten years old his father, Edward Marvin, then city overseer of the poor, died, leaving a widow and five children, of whom Ross was the youngest.

Ross Marvin after a course in the Elmira high school worked his way through Cornell university, taking up classics and later a course in civil engineering. He displayed a retentive mind and an indomitable courage and spirit.

Ross Marvin's courage and scholarship attracted the attention of the faculty, and when Commander Peary in

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package. 16

Drug Store

MADE HIS BANK UNDER THE FLOOR

er Four Thousand Dollars Removed From the Katz Building on Seventh Street

LEFT TO HIS DAUGHTER

According to Reports Mr. Katz Left His Entire Property to Mrs. Greenberg

It has just transpired that when the late S. Katz, formerly of this city, died in Minneapolis, he left a large sum of money concealed under the floor of his building on South 7th street. When his grandson, Isaac Greenberg, was here a few days ago to look after the property, he took up the floor in the store building and in place designated by the old gentleman before his death, found an iron little covered with tin and buried in the ground. In this kettle was over \$4,000 in gold coin. The money had been hidden there some time before the death of Mr. Katz, who lived a life of apparent poverty and who apparently had no use for banks. Almost his entire property is said to have been left to his daughter, Mrs. C. Greenberg, of Fargo.

MUSIC AND DRAMA

Who Wouldn't be a Woman If They Could

An entirely new play and a magnificent production; the play written by a woman; the scenery designed by a woman; the rehearsals directed by a woman; the most minor details perfected by a woman, would seem a combination that should make a strong appeal to women. The play "Molly Bawn" and the woman responsible for it is Beulah Poynter. At the opera house September 24.

HOW TO GAIN HEALTHY FLESH

P. Dunn Advises Use of Samose

While thinness may be a disease, it is really a condition that needs attention. Under the nourishing power of Samose, healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that blood, natural plumpness results.

An ounce of flesh is better than a pound of theory. Mr. Dunn believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by his customers, and to induce them to use it, he offers a \$1000 reward to any one who can give satisfaction. No stronger proof than this can be given of his faith in it. He has seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

The Road to Success

As many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of the stomach, liver, kidneys, bowels, purifies and enriches the blood and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by H. P. Dunn, Druggist.

START IT RIGHT

BUILDINGS ARE COMPLETED

Dower Lumber Company and Swift & Co., Have Handsome Business Places on N. Broadway

The Dower Lumber company has its huge new shed externally completed and has a force of men at work in the office, which will be ready for occupancy in about a week. The building has been painted with the standard color of the Northern Pacific, as is required of all buildings on the right of way. The new office of Swift & Co. is also completed and they have moved in. Their building also received a coat of paint of the same color.

These changes have improved the appearance of that part of the business district very materially and both firms now have ideal plants.

ASSAILANT GETS FIVE YEARS

Daniel Curran Was Given the Limit by Judge McClenahan on Plea of Guilty

CRIME COMMITTED JULY FIFTH

Curran Entered Ferris Residence and When Discovered, Assaulted Mrs. Ferris

Daniel Curran, the man who assaulted Mrs. Beulah A. Ferris, mother of the late Senator A. F. Ferris, on the afternoon of July 5th, last, came before Judge McClenahan Thursday afternoon on a plea of guilty and was sentenced to the penitentiary at Stillwater for a period of five years, this being the extreme limit for assault under the statutes.

Curran, who had been employed by Mrs. Ferris, who is over 80 years of age, to assist her in putting up bunting on the house, re-entered, apparently with burglarious intent, and on being discovered by her, assaulted her with his fists, beating her badly. He was captured a few blocks away by W. H. Strachan and Wm. Tudor, and placed in jail. He decided a few days ago to plead guilty and was sentenced today.

FORTY YEARS A DRUGGIST

M. K. Swartz Left the Farm Forty Years Ago Today to Become a Druggist

M. K. Swartz, of this city, is today celebrating his 40th anniversary in the drug business. On the morning of the 17th day of September, he packed all his worldly belongings and left his mother's home at the age of 13 years and walked thirteen miles to Freeport, Ill., where he hired out to a druggist for three years for his board and clothes. He stayed with the firm eight years, thoroughly learning the business, which he has followed practically ever since.

FARM, HOME AND GARDEN

Bulbs for Fall Planting

In a climate where annual flowers come as late as they do here, and in fact any climate, nothing adds more to the beauty of a place in early spring than do early flowering bulbs or perennial plants. There are many bulbs which are little grown which are perfectly hardy and which blossom early. The varieties of iris are well known plants, though not true bulbous plants, but are generally classed with the lilies. They can be set out in the spring or fall. Lilies of the valley and tulips are quite well known but few appreciate the beauties of the tame crocus. Like the lilies of the valley, the crocus is perfectly hardy in Northern Minnesota and they come still earlier in the spring. They resemble the common wild crocus, or "rock rose" as it is sometimes called, blossoming equally early. The writer saw a bed in the garden of Cuyler Adams, of Deerwood, last spring that for brilliancy and variety of color would rival any flowers seen at any time during the summer. The bulbs were planted out in the fall and will continue to bloom spring after spring. A bed should be in every door yard and might easily be, as the bulbs cost but little.

A Hurry Up Call

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here is a quarter—For the love of Moses, hurry!—Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and cured all the family. Its the greatest healer on earth. Sold by H. P. Dunn, Druggist.

A western school journal is responsible for the story that a youthful pupil in the history class wrote the following statement: "The American war of independence took place because the colonies refused to submit to taxation without temptation."

K. OF P. WILL HAVE FINE QUARTERS

Third Story of New Bank Building Being Fitted up for the Use of the Order

BOHEMIANS GET A ROOM ALSO

Fine Room in Southeast Corner of Floor Has Been Rented to the Bohemian Club

White Cross Lodge, Knights of Pythias, will have about as handsome a suite of lodge rooms as are to be found in central Minnesota when they get into their new quarters in the Citizens State bank building. The third story of this elegant new building has been leased by them and is being fitted up for their use. The lodge room occupies the entire west end and will be nearly 50 feet square. There will also be a large banquet hall, a kitchen and the necessary preparation and property rooms.

One of the pleasantest rooms on that floor has been leased to the Bohemian club and will be fitted up for them in fine shape, and will make about the finest club rooms in this section.

The partitions are all in place and the work of plastering the building is proceeding rapidly. Ed. Siveny is doing the plastering and E. H. Husemann has the contract for the carpenter work.

DR. BRUNS

The eye specialist who cures headache with glasses will be in Brainerd at the Ransford hotel, Sept. 22 and 23. Eyes examined free.

September 15

Aetna Indemnity Co., to Israel Ritari and wife, q.c.d., lot 6, block 8, Sleeper's addition to Brainerd—\$1. Ethel Englehart, formerly Smith, and husband, et al, to Charles I. Holmstrom, w.d., lots 21 to 24 inclusive, in block 193, First Addition to Brainerd—\$1300.

September 16

Geo. Felix and Wife to Fred J. Reid and Claus Theorin, w.d., SENW, 8-43-31—\$550.

Frederick Gross, unmarried, to the Minnesota Loan and Trust Co., w.d. S½ S½, 27-47-28—\$1,200. United States to Lorenz Moes, certified copy of patent, S½ S½, 26-47-28.

Night on Bald Mountain

On a lonely night Alex. Benton, of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe it's the greatest throat and lung cure on earth. Coughs, colds, croup, hemorrhages and sore lungs are surely cured by it. Best for hay fever, grip and whopping cough. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn, Druggist.

CAMP HOUSES

Minnesota State Sanatorium, Walker.

Sealed proposals will be received by the State Board of Control at their office in the state capitol building, St. Paul, Minn., until 12 m. Wednesday, September, 22nd, 1909, for the erection and completion of camp houses, at the Minnesota State Sanatorium, Walker, Minn., including the general contract work, heating and plumbing, and electric work and fixtures, in accordance with plans and specifications furnished by Clarence H. Johnston, architect, 715 Manhattan building, St. Paul, Minn. Bids to be submitted only on form supplied by architect; no other form of bid will be considered.

Bids must be accompanied by a certified check for 2 per cent of the amount of bid, payable to the State Board of Control, which checks will be returned when the building contract is executed.

Copies of the above plans and specifications may be seen on and after Wednesday, September 8th, 1909, at the Institution; at the Builder's Exchange, St. Paul; at the Builder's Exchange, Minneapolis; and at the office of the State Board of Control, St. Paul.

Extra copies of plans and specifications may be obtained on application to the architect and on payment of the cost for the use thereof. Plans and specifications must be returned to architect when bid is submitted to the Board of Control.

Successful bidder must furnish owner a surety company bond in amount equal to 75 per cent of amount of contract.

The right is reserved to accept or reject any or all bids.

CANADA WILL BEGIN WAR

Mayor Haven, of Duluth, Receives Warning to That Effect From One, W. H. Conkle

Duluth, Sept. 17—Mayor Haven has received a circular letter signed by W. H. Conkle, which predicts that Canada in 1912, will commence a war which will put Chicago, Buffalo, Cleveland and Milwaukee in ruins. The circular refers to the fact that England has granted Canada permission to build war ships on the Atlantic and Pacific coast and says: "These destroyers will be held until war is announced," he says, "when they will instantly be placed on the lakes ready to ransom or destroy our lake cities. Having no canal to the lakes, our war vessels must be built on the shores of the lakes in sight of the world—but Canada will forbid."

Mayor Haven is not taking much stock in the warning, which has not checked the ambitions of the Zenith city in the least.

COUNTY SCHOOL NEWS

Superintendent Wilson Tells of the Conditions in the Schools of Crow Wing County

Supt. Wilson is again on his rounds visiting schools. Today he visited district No. 4 in the town of Oak Lawn. He had this to say of the school. The enrollment is fifty pupils, ranging from the B, first grade to the A fifth grade. There were present 32 girls and 14 boys; the girls being all present, but 4 boys were absent. The teacher, Miss Mable Parker, has her hands full with so many pupils and so many classes but everything was running smoothly and the teacher was seemingly as happy as the children. An increase of eight or ten to the enrollment is expected in the next week.

Arrangements for the coming meeting of the school boards and the county teachers' association, Oct. 8 and 9, are progressing very satisfactorily. Addresses have been promised by Judge Fleming, Supt. W. C. Cobb, President Shoemaker and Ass't. State Supt. C. R. Frazer. President Shoemaker will be accompanied by Mrs. Billington, supervisor of music in the St. Cloud normal school. Those who had the pleasure of hearing Mrs. Billington sing two years ago will be pleased to learn that she will sing at the evening session, Oct. 8th. The sessions of this meeting will all be free to the public.

The rather drastic compulsory attendance law passed by the last legislature, is making all kinds of bother in places, and especially in the office of the county superintendent, but it is believed that a sane enforcement of the law will have a good effect. Its rigid enforcement would be un-American.

MILLE LACS ROUTE NEWS

Mrs. A. P. Lind, of Brainerd, is visiting her parents for a few days at Grave Lake.

Mrs. W. C. Rosenkranz, Mrs. Louis Alberts, Mrs. Chas. Rosenkranz and Carrie Rosenkranz spent Sunday at Mrs. H. G. Roll's.

Miss Hazel Rosenkranz visited with Mabel and Florence Johnson last week and enjoyed a pleasant visit.

Anna Olson spent Saturday and Sunday at Brainerd returning home Monday.

Miss Anna Roll, of Nokay Lake, has been spending a week in Brainerd visiting her friends and relatives.

The "hard time" dance at Nokay Lake was a great success. Everybody reported a good time in wearing their calicos.

Miss Albertina Fahlstrom was a Brainerd caller last week.

Most everybody have their corn cut.

Sammy Telefson and Roy Rock spent Sunday with Frederick and Harold Roll.

A. T. Johnson, of Oak Lawn, was in Brainerd Wednesday to take in the show at the opera house.

The White school, No. 17, will start Sept. 20th. The teacher is Mrs. Cook.

Mr. and Mrs. C. Rice, of Brainerd, spent the holidays at Mrs. Rice's parents, returning home Monday.

Mr. and Mrs. Erick Graft spent Sunday with Mr. Graft's parents at Long Lake, also visiting Mrs. Graft's parents at Grove lake.

Miss Nora Husebye, Conrad and little Ella, who were in Brainerd, returned home Friday evening.

Miss Alma Fahlstrom made a call on Mabel and Esther Roll recently. Olof Fahlstrom has been cutting corn for A. Lusso lately.

Miss Edith Larson, of Murdock, Minn., is up visiting her Uncle Joe Hillman and other relatives and friends.

Misses Florence Johnson, Albertina and Alma Fahlstrom were callers on Mr. Pfeffer, of Grave Lake, recently.

Mrs. H. G. Roll and Anna Roll were callers at Mrs. W. C. Rosenkranz' Sunday evening.

The little Rardin baby had his left leg broken by being in a run-

The Woman who does the Baking will tell you

ASK the woman who bakes the best pastry you ever ate—why she uses OCCIDENT FLOUR

She will tell you because she has the proof that Occident Flour is better than any other.

It produces—with the least effort on her part—just the sort of bread and pastry she delights in making and serving. Just the sort you enjoy eating.

She doesn't always stop to ask why Occident is the best—she knows what it does—and she is satisfied.

The difference in price of a few cents more a sack she pays gladly—because of the difference it makes in her baking.

Perhaps she doesn't even stop to consider this—that the few cents extra for every sack are what enable the millers to raise the standard of Occident Flour to "Highest grade in the world"—from wheat to package.

READ THIS OFFER

Here is the best opportunity in the world to prove Occident quality for yourself. It costs you nothing if you are not satisfied.

Order a sack of Occident Flour from your grocer. Use as much of it as you like—

If you are not convinced before it is gone that Occident Flour is better than any other you ever used—

Go back to your Grocer and tell him so. He is authorized to refund, without argument, the full purchase price of any package of Occident which you do not find satisfactory.

You are nothing out.

Did you ever hear of a broader guarantee—a fairer offer?

Order a sack for your next baking day and see for yourself.

TAFT PUTS IN A BUSY DAY

Plunges With a Will Into Chicago Entertainment.

CHEERED BY THE CHILDREN

One Hundred and Fifty Thousand Reviewed by the President—Attends Luncheon at Commercial Club, Attends Baseball Game, Dines at the Hamilton Club and Makes a Notable Address to a Mass Meeting.

Chicago, Sept. 17.—President Taft during a stay of twelve eventful hours in Chicago, plunged with a will into the long programme of entertaining that awaits him on his Western and Southern itinerary. With perfect weather and crowds that fairly fought to catch a glimpse of the chief executive, this, the first city to be visited, set a high mark of enthusiastic welcome, which the president seemed deeply to appreciate.

From the moment he stepped off the rear platform of his private car at a temporary station on the outskirts of the city until he retired late at night on board the train which will take him to Milwaukee, the president's journeyings of thirty miles or more over the city's streets and parkways led him through lanes of massed humanity that were kept open with the greatest difficulty on the part of the police.

Beginning with an automobile trip in review of 150,000 school children, four deep on either side of the park boulevards, the president's day was replete with incident. He attended and spoke briefly at a luncheon of the Commercial club, viewed an exhibit of ambitious plans for the improvement and beautification of Chicago—plans which the president said he hoped would be realized by Chicago pluck and energy—attended the regular National League baseball game between the Chicago champion "Cubs" and the famous New York "Giants," dined quietly at the Hamilton club at the Congress hotel, made a notable address to a mass meeting in Orchestra hall and as a finale attended for a few minutes the ball of the American Bankers' association at the Auditorium.

President Deeply Impressed.

Mr. Taft was deeply impressed by the greeting of the school children, each one of whom waved a little American flag and sang and cheered as he passed. The president referred at the Commercial club luncheon to the impression the smiling faces and the fresh voices of the children had made upon him and declared it was not often given to a man—he be president or not—to receive such a welcome.

At the National League grounds the president saw the biggest baseball crowd. There were more than 30,000 people crowded into the stand and bleachers and overflowing into the field.

The president sat in one of the open sections of the double-decked stand and thoroughly enjoyed the brilliant game in which the two greatest pitchers of the league—Mathewson of New York and Brown of Chicago—faced each other. New York won, but the crowd had some compensation in cheering the president, who remained to the end and waited to wave a farewell to the bleacher throng that poured across the field in a perfect cavalcade when the last "Cub" had struck out.

President Taft when he first reached the park went down on the field and shook hands with the members of both teams. Proceeding then to the reserved section in the stand he held an impromptu reception during which he met "Pop" Anson, the famous old Chicago player; Garry Herrmann, president of the National Baseball commission, and John A. Heydler, president of the National League.

Reilly Meets the President.

"Texas" Reilly, the editor of the San Antonio Light and Gazette, who rode on horseback all the way from San Antonio to Chicago to present a formal invitation to Mr. Taft to visit that city, also met the president at the ball game. The president assured Mr. Reilly that he was looking forward to his visit to San Antonio on Oct. 17 with a great deal of pleasure.

The president received an uproarious greeting when he reached Orchestra hall to make the only speech of his stay in Chicago. Recalling that it was in this same hall during the campaign of a year ago that he faced an audience of more than 1,800 workmen and made one of the crucial addresses of his candidacy, the president assured his hearers that he had not forgotten his campaign promises and the platform declarations of his party.

Mr. Taft devoted the entire first part of his speech to the subject of labor and said he intended to recommend to congress in his first message legislation to carry out the platform promises as to injunctions—that no injunction or restraining order should be issued without notice except where irreparable injury would result from delay, in which case a speedy hearing should be granted.

The president declared anew his belief in organized labor and congratu-

lated the movement "that they have set their faces like flint against the doctrines of socialism."

Taking up next the subject of the courts, the president asserted with earnest emphasis that the administration of criminal law today is a disgrace to American civilization. Ashamed of the fact as Americans might well be, he declared that the poor man has not now an equal opportunity with the rich litigant and said it was his purpose to do what he could to place the poor man on a more equal footing.

TRAIN ROBBERS ARE FOILED

Fail in Attempt to Dynamite Safe in Express Car.

Leadville, Colo., Sept. 17.—A daring attempt by five bandits to rob the second section of Denver and Rio Grande No. 5 passenger train was made four miles west of Malta, a small station near Leadville. The express car was dynamited. According to the trainmen no booty was secured.

It is believed the robbers crawled on the two engines of the train at Malta. The train had proceeded but a short distance when two men crawled over the tender and compelled the engineers and firemen to march back to the express car.

Engineer Smith of the first engine was told to hammer on the door and order the express messenger to open it. The latter refused and a charge of dynamite was placed under it and the door blown open.

Three of the robbers rushed in, covering the express messenger with revolvers. Several charges of dynamite were placed under the safe, but without result, except to wreck the interior of the car.

After firing a volley, the robbers fled in the darkness.

BALLINGER FIRES DIVISION CHIEF

Dismisses Glavis From Office by Telegraph.

Washington, Sept. 17.—L. H. Glavis, chief of the field division of the general land office, with headquarters at Seattle, Wash., was dismissed from the service by telegraph by Secretary of the Interior Ballinger. A Christensen, chief of field division of the general land office at Portland, Ore., has been placed in temporary charge of the Seattle division.

The summary removal of Mr. Glavis was in accordance with authority given Secretary Ballinger in a letter to him from President Taft, who, in directing the dismissal vindicated Secretary Ballinger and other officials of the interior department of the charges brought against them by Glavis in connection with the so-called Cunningham group of coal land cases in Alaska. No explanation was offered for the peremptory dismissal of Glavis, it having been stated at the department that the formal order in the case probably would be issued in a day or two.

With the removal of Glavis, the long pending controversy is now regarded as a closed incident so far as officials of the interior department are concerned. Secretary Ballinger, who is suffering with an attack of bronchitis, was not at his office, but it was stated for him that he would have no further comment to make upon the case. Commissioner Dennett of the general land office expressed himself as highly gratified over the decision of the president vindicating the department officials and declared that it was the natural conclusion to be drawn from the matter.

EAGLES PARADE IN OMAHA

About Three Thousand Uniformed Men in Line.

Omaha, Sept. 17.—The Fraternal Order of Eagles' convention was turned into a celebration, features being a big street parade, an exemplification of the ritual at the Auditorium and confirmation of the officers nominated Wednesday. About 3,000 uniformed men marched in the parade.

Louisville has a clear lead over its nearest competitor, St. Louis, for entertaining next year's convention.

VOTE TO END CONTROVERSY

Street Car Employees Accept Offer of Companies.

Chicago, Sept. 17.—By a decisive majority the street car employees of this city voted to end the wage controversy, which has lasted more than two months, and accept the latest proposition offered them by the companies. It is expected that the contracts between the traction companies and the unions will be formally signed today.

Anderson Leads Golfers.

Chicago, Sept. 17.—Willie Anderson of the St. Louis club, the present Western open golf champion, led the field of sixty in the first day's play of the Western open golf championship tournament at the Skogole club. He played wonderfully consistent golf with scores of 71-73-144. Stewart Garner of the Exmore club finished two strokes behind Anderson and Jack Croke and Fred McLeod tied for third with 147.

BANKERS SCORE THE PLANS

Oppose Postal Savings Banks and Guaranty of Deposits.

Chicago, Sept. 17.—Not a voice was raised in defense of the postal savings bank plan in the sessions of the American Bankers' association convention, nor was there a word uttered in favor of guaranty deposit state or national banks.

In formal reports, in speeches, and in impromptu remarks both ideas were repeatedly scored by the assembled bankers, who were apparently of one mind in opposing the two remedies offered for the relief of financial conditions.

The morning session of the savings bank section opened with an address of welcome by Henry S. Henschen of Chicago, who led the attack on the postal savings bank by declaring that if the good of the country demanded that the experience of trusted and intelligent men as custodians of the people's savings be disregarded, and the custodianship turned over to third and fourth class postmasters, the bankers would acquiesce, but that "if the welfare of the country did not demand such action the bankers would protest in no uncertain tones."

The president of the section, John H. Johnson of Detroit, in his annual report argued against postal savings banks and insisted that the savings deposits be safeguarded against all possibility of loss.

Without a dissenting voice the nominating committee of the association named for president of the association Lewis E. Pierson, president of the Irving National Exchange bank, New York; for vice president, F. O. Watts, president of the First National bank of Nashville, Tenn.

The nominations will be placed before the closing session of the convention.

KETCHEL-LANGFORD CONTEST

Called Off as a Result of Interference by Governor Hughes.

New York, Sept. 17.—The ten-round bout between Stanley Ketchel, middle-weight champion, and Sam Langford, the negro pugilist, which was scheduled for tonight at the Fairmont Athletic club here, was suddenly called off as a result of the interference of Governor Hughes. District Attorney Jerome and Sheriff Foley. It is believed in sporting circles that the decision of the police to insist upon the strict letter of the law means the stopping of all fighting in New York city for some time to come.

There is no possibility of arrangements being made to hold the Ketchel-Langford bout at any other time or place, as Ketchel received a telegram summoning him to leave at once for the Pacific coast, to prepare for his fight with Johnson on Oct. 12.

OPENS SUFFRAGE CAMPAIGN

Mrs. Belmont Gives a Luncheon at Delmonico's.

New York, Sept. 17.—Mrs. O. H. P. Belmont opened the winter woman suffrage campaign in New York with a luncheon at Delmonico's. All the heads of local suffrage organizations were invited "to meet the presidents of the national and state organizations, the Rev. Anna Howard Shaw and Mrs. Ella Hawley Crossett."

The luncheon also celebrated the opening of the national and state headquarters.

Oil Company Official Stricken.

New York, Sept. 17.—William S. Porter, president of the Associated Oil company of San Francisco, was stricken with apoplexy as he was about to leave the office of Judge Robert S. Lovett. He was taken to a hospital. His condition is serious.

Norwegian Minister Dead.

CLAIMS OF PEARY ARE RECOGNIZED

Explorer Congratulated by International Commission.

New York, Sept. 17.—When Herbert L. Bridgman, secretary and treasurer of the Peary Arctic club, returned to his home in Brooklyn from Sydney, N. S., he found unopened on his desk a number of cablegrams of congratulations to Commander Peary among which was the following signed by Cagni, Nordenskjold and Lecointe and dated Uccle, Belgium, Sept. 8, and addressed to him in Mr. Bridgman's care:

"Peary—International polar commission addresses sincerest congratulations to their members."

Uccle is a suburb of Brussels and is the seat of the Royal Belgian observatory, of which M. Lecointe is the director. Captain Umberto Cagni, who was the Italian leader of the Duke d'Abruzzi's polar expedition, is president of the international polar commission; Dr. N. Otto G. Nordenskjold is its vice president and has led a Swedish expedition into the Antarctic, while M. Lecointe is its secretary.

With the weight of these names behind it, the cablegram assumes scientific importance. Mr. Bridgman pointed out, of the first magnitude. It is, he said, the "O. K." to the Peary claims of the highest qualified body of international experts in the world.

The international polar commission was appointed in May, 1908, by the delegates of 21 nations who met in Brussels to constitute the international polar congress. It has no governmental authority, but its members are geographers and scientists of the first rank and Mr. Bridgman, as a staunch supporter of the integrity of Peary's claim, was very happy to have the stamp of its approval on the commander's work.

Dr. Cook, while at Copenhagen, received telegrams of congratulation from Brussels and invitations to lecture there, but Mr. Bridgman was insistent that none of them had come officially from the international polar commission, and that the message dated Sept. 8 and just made public was the first scientific recognition of the discovery of the pole yet accorded to either claimant by a world-wide body of recognized authorities on the subject.

It was learned that a meeting of the Peary Arctic club will be held early next week to decide whether the club will launch a formal campaign in behalf of Peary's claim as sole discoverer of the pole.

The committee of the Arctic Club of America, which has been arranging for a dinner of welcome to Dr. Cook on Sept. 23, announced that the occasion "should not be regarded as a partisan affair." Supporters of both Cook and Peary, it was said, will be present.

Intercollegiate Golf Match.

Rye, N. Y., Sept. 17.—Twenty-eight contestants started in the individual intercollegiate golf championship at the Apawamis club. The sixteen who qualified were paired most unfortunately. With the end of the first round Harvard and Yale were left with two representatives each, while Princeton, Williams, Dartmouth and Pennsylvania had one each.

Herman Long Dead.

Denver, Sept. 17.—Herman Long, for many years shortstop of the Eastern National League team, died here of tuberculosis.

Wisconsin Postoffice Robbed.

Neenah, Wis., Sept. 17.—The Neenah postoffice was entered by robbers and the safe and vault were blown open. Stamps and supplies to the value of \$5,000 were taken, besides \$100 in cash.
